A PUBLICATION OF THE ROSELLE PUBLIC SCHOOLS

## An Update from the Administration

June 11, 2021

Greetings RPS Community!

We hope all is well with our families as we look towards the end of the school year.

Please remember to join the Administration for an informational session on the plan to Safely Return to Learn in September. The session will be held on Monday, June 14, at 2:30 p.m., via Zoom. We encourage all parents, families and important stakeholders to take part in this conversation. [Click here](#) to join. We look forward to your participation.

We are excited that graduation and moving up ceremonies will begin next week. With another tough year of virtual learning almost behind us, we can't wait to celebrate all of our students and their accomplishments.

Chromebook collection also begins next week, starting with Abraham Clark High School and Grace Wilday Junior High School students on Tuesday, June 15 and Wednesday, June 16. Loaned devices must be returned to Abraham Clark High School, but students participating in summer programs can keep the devices until their program is over. Visit [www.roselleschools.org](http://www.roselleschools.org) for specific dates and times.

ACHS seniors had a blast celebrating their accomplishments at Senior Day this week. The celebration took place at LVMMMS Field, where Seniors were treated to a barbeque and a full day of outdoor activities such as volleyball, kickball, relay races, and more.

"It was a great day of fun under the sun celebrating our graduates," said Principal Terry Shareef.

We'd also like to take this time to congratulate all of our seniors that were honored during this week's Scholarship Night. We are very proud of our scholars.

Dr. Charles C. Polk School held its annual Career Day, virtually this week, which was a meaningful and exciting experience for our elementary school students. The event exposed them to a variety of career fields including, STEM, health care, government, and the arts. Students were fully engaged in presentations provided by the Roselle Police and Fire Departments, the Amateur Astronomers of Union County College, the National African American Museum of Music, and many more.

"While the program looked a lot different than it has in previous years, our students had the opportunity to explore a wide range of career opportunities that will be available to them in the future," said Principal Andreea Harry.

Washington Elementary School students also participated in the school's Annual Career Week recently, and it was bigger and better than ever. In-person as well as remote students were treated to a week filled with engaging career-related activities to help them learn about an array of career opportunities.

The children were provided with Google slides containing links to Zoom videos, where special guests shared read-alouds and personal reflections regarding their career experiences. Career Week concluded with a fun-filled "Dress as your Favorite Career" Lunch Bunch.

"As a result of a great deal of research, the students dressed up as and shared the details of their chosen careers. Career Week 2021 was the perfect blend of fun and academic enrichment," said Principal Marianne Tankard.

Leonard V. Moore Middle School students and staff have been busy this week finalizing the school's 2021 Digital Yearbook that showcases the hard work students have completed this year. Students and families should keep an eye out for the link that will be emailed. Stay tuned.

Just a reminder to Grace Wilday families that the National Junior Honor Society induction ceremony will be taking place on Monday, June 14 at 11:30 a.m. on the school's front lawn, 400 Brooklawn Avenue. We look forward to celebrating these students and their academic accomplishments.

With all of these great happenings, please follow our district social media platforms: @\_RoselleSchools and /Roselle Public Schools on Facebook for the latest and greatest RPS news.

**Staysafe and Roselle strong, and remember "ALL STUDENTS MATTER."**
